Afterwords

This concludes "Ninja Shinobu-san no Junjou"
Thank you for being with me till the very end.
The series started off as a 4-month short project, then ended up being a full serialization as I received the words "you'll be guaranteed at least two volumes".

Thanks to all the readers, I was able to continue this for two and a half years, and conclude in this volume 5.

It turned out to be a really blessed work for a newcomer's first serialization, and I think the best part about it is the fact that I, the creator, was able to acknowledge the work as a "favorite".
I'm not very good with words, so I can't express it very well, but I think there are lot of things embedded in this work that lets me proudly say that this was I, Yuzuchiri's starting point. And this won't change no matter how many manga I end up creating in the future. The fact that I was able to create such a piece makes me really happy, and a little be proud.

Thank you Shinobu-san.
And everyone who followed till the very end, thank you so, so much.

Then, see you again somewhere!

Feb. 2nd, 2017. Yuzuchiri.

SCANLATOR'S NOTE

Wow, this has been a ride full of painfilled screams while cleaning and typesetting until 1-2am. However it was really motivating to see so many people enjoy this project as much as we have. We did ~30 pages per chapter a day for almost 2 weeks now and I gotta say, we will miss this even after everything we've been through. Special thanks to ruggia for being super fast translator and bearing to work with us.

That being said, we picked up couple similar projects, Misoshiru de Kanpai!, Chihaya-san's Fine That way and Dad, The Beard Gorilla and I. We hope you check them out and join us for another fast ride.
